RAVENOL Petrol Quality Stabilisator contains an innovative ingredient, which ensures the general quality of the fuel.

RAVENOL Petrol Quality Stabilisator effectively prevents and reliably protects against age-related deposits.

RAVENOL Petrol Quality Stabilisator improves start performance.

Application Note

RAVENOL Petrol Quality Stabilisator is added to the petrol.

Area of application:

Petrol-operated engines

For storage and overwintering purposes and to prevent start problems after longer standstill periods

In the event of increased fuel consumption

For all 2-stroke and 4-stroke engines

For lawn mowers, vintage vehicles, boats and chainsaws

Application: Pour the contents of the container into the full tank. The ideal dosage is a can of **RAVENOL Petrol Quality Stabilisator** per 40 litres of petrol.

RAVENOL Petrol Quality Stabilisator contains effective antioxidants, to prevent the fuel from ageing prematurely.

Characteristics

- Verbessertes Startverhalten
- Guten Korrosionsschutz
- Vermeidung von Ablagerungen
- Absicherung der Treibstoffqualität
